CAREER PROFILE

Results-driven analyst with five years of experience across building materials, property, and retail. Proficient in Google Analytics, SQL, Python, and Power BI, with actual projects data record of building analytics functions from the ground up using real project data. Experienced in developing pipeline dashboards, managing CRM data, delivering KPI reporting, and automating workflows. Combines hands-on industry knowledge in construction supply with strong data knowledge to generate insights that reflect real operational conditions, including procurement cycles, pricing trends, and seasonal performance.

SKILLS

- **Data & Analytics:** SQL, Power BI, Python, Excel, KPI Dashboards, Data Visualisation
- **Sales Operations:** Pipeline Management, B2B Sales, Market Research, Procurement Tracking
- **CRM & Sales Platforms:** BCI Central, EstimateOne, Monday.com, MYOB, Xero
- **Professional:** Detail Oriented, Self-starter, Adaptable, Cross-team Collaboration

EMPLOYMENT HISTORY

Showtile
December 2023 - Present

Sales Operations Analyst

Tiles, Stone & Pavers, Sydney, NSW

- Redesigned and automated CRM data entry processes. Cut duplicate records and made pipeline reports reliable.
- Tracked 15+ international procurement pipelines across supplier quotes and delivery schedules, cutting order mismatches by 30%.
- Managed sales data and invoice reconciliation across MYOB and Xero for 200+ accounts.
- Prepared PowerPoint performance reports on sales trends and stock levels for management review.

HTT Flooring
July 2022 - December 2023

Account Manager

B2B Flooring Wholesale, Sydney, NSW

- Conducted territory analysis across 4 markets, found 35% of revenue concentrated in one region, rebalanced focus and grew portfolio by 15%.
- Produced competitor analysis across 20+ flooring brands. The pricing review that followed lifted margins by 12%.
- Led the Sydney Build trade event, managing a $15K budget and generating 50+ qualified leads.

Royal Crystal Group
May 2020 - July 2022

Sales Representative & Business Development

International B2B, Flooring, Remote from Vietnam in Sydney

- Managed cross-border operations across 2 time zones with a 95% on-time delivery rate.
- Administered CRM data across 3 platforms for 300+ B2B accounts, maintaining 98% data accuracy.
- Built reporting workflows across sales, warehouse, and logistics, eliminating 3 manual handoffs and cutting response time by 40%.

Spire Property Group December 2020 - March 2023

Key Account Manager

Property, Sydney, NSW (Concurrent)

- Built weekly pipeline dashboards for 8 key accounts ($2M+). Caught three at-risk accounts early and kept $350K from walking out.
- Delivered quarterly performance presentations to the C-suite. Analysis influenced $500K+ in quarterly resource allocation decisions made by leadership.
- Kept CRM records at 99% accuracy across 100+ accounts.

PROJECTS

SQL - Retail Business Analysis

T-SQL, CTEs, Window Functions, Dynamic PIVOT

- **Question:** At which discount tier does each product category shift from profit to loss?
- **Key results:** Discounts above 50% produce losses across all categories. Technology is the top profit driver for Consumer and Corporate segments even though it is not always the top revenue category.

Python - Customer Sentiment Analysis

Python, VADER, TextBlob, NLP, pandas, matplotlib

- **Question:** Does what customers write in a review match the star rating they give?
- **Key results:** VADER sentiment correlates 0.681 with star ratings. Quality & Durability is the #1 complaint (41% of negative reviews). 3.9% of reviews show text-star mismatches.

Power BI - Pizza Retail Dashboard

Power BI, DAX, Excel

- **Question:** When do customers order, what do they order, and which products drive the most revenue?
- **Key results:** Friday is the highest revenue day. Classic category leads in both order count and revenue. Peak hours are 12-1pm and 5-7pm.

SQL - AU Building Approvals

T-SQL, LAG(), Conditional Aggregation, Seasonal PIVOT

- **Question:** Which states are gaining construction market share, and which are declining?
- **Key results:** Victoria leads with 31% of national approvals vs NSW at 28%. NSW has fallen 41% from its 2016 peak. Only Tasmania and South Australia grew across both periods.

Python - Housing Feature Impact

Python, pandas, matplotlib, statistical comparison

- **Question:** Which building materials and finishes have the biggest dollar impact on sale price?
- **Key results:** Stone masonry veneer adds $102K vs no veneer. Kitchen upgrade from Average to Excellent adds $80K+. Poured concrete foundation is $43K above cinder block.
